IN SUPPORT OF EXCELLENCE IN SCIENCE AND TECHNOLOGY

To the Attention

His Excellency the Minister for Innovation and Technology
Professor Dr. László Palkovics

Subject: Position paper from EURASC, Lisbon Academy of Science and The Portuguese Academy of Engineering

Dear Professor

Thank you so much for your letter reference TUDFO/31514-1/2019-ITM on the above mentioned subject and for the important set clarifications kindly provided.

We support your commitments to define the scientific policy in Hungary concerning the strategies that better impact to your country needs, aligned with the European ambition to make a better Europe for all, supporting Innovation to promote welfare and comfort for all Europeans.

Our pledge was in this sense and it was with great relief we acknowledged that our fellow and most distinguished Hungarian Academy of Sciences will continue to be a part in your research policy retaining its independence and funding.

Yours sincerely,

The Presidents of Academies
