

## EURO-Zhengzhou High-level Science Academy Forum “Advanced Materials and Intelligent Manufacturing”

Zhengzhou University of Light  
Industry

Technological and Higher Education  
Institute of Hong Kong

European Academy of  
Sciences

Zhengzhou University of Light Industry, Technological and Higher Education Institute of Hong Kong (THEi) and European Academy of Science (EurASc) co-organize an EURO-Zhengzhou high-level science academy forum on “Advanced Materials and Intelligent Manufacturing” in Henan (Zhengzhou), China on 23-25 September 2023. The purpose of this workshop is to enhance research collaboration and knowledge exchange between European countries and China, including Hong Kong in the areas of advanced materials, new energy materials, intelligent manufacturing, biomaterials, data science, etc. The whole event contains one day forum followed by two-day technical visits to local universities/research centre/enterprises, to provide EurASc’s academicians on the recent technological development at Zhengzhou. Keynote speeches will be presented by invited scholars and academicians. A roundtable meeting will also be arranged to allow thoughtful discussions on the way forward to enhance future development of science and technology.
