# Abstract Submission Guidelines

Abstracts for EurASc 2024 must be submitted via the [Abstract submission form](#).

Abstracts should describe original and significant new work. Abstracts should contain enough detail to allow referees to make a sound assessment of the scientific merit of the work described. Abstracts are limited to one page and should be prepared using the [template](#) provided. The abstract should be converted to PDF format and only the PDF file can be submitted. Authors are encouraged to prepare figures in color.

## Please read the submission rules before submitting an abstract

- The submitting author is the presenting author.
- The presenting author will receive all correspondence in connection with the submitted abstract.
- The presenting author is required to ensure that all co-authors are aware of the content of the abstract before submission.
- In the Abstract template, the presenting author's name should be underlined.
- In the Abstract template, the corresponding author must be identified with an asterisk.
- All abstracts should be written in clear English with accurate grammar and spelling of a quality suitable for publication.
- **Each presenting author may not submit more than 2 abstracts. The presenting author must attend the conference and be available to present the submitted works. Oral presentations are limited to one per presenting author.**
- Abstracts may not be edited/updated after submission.

## Before you begin, please have the following information ready:

- Follow the instructions when completing the **Abstract submission form** and be aware of the character number limits.
- Abstract Topic – abstracts must be allocated to a specific scientific field (fostering sustainability):
  - *Chemistry,*
  - *Computational and information sciences,*
  - *Earth and environmental sciences,*
  - *Engineering,*
  - *Materials science,*
  - *Mathematics,*
  - *Medicine and life sciences,*
  - *Physics,*
  - *Social sciences and Humanities.*
- Presenting author's email address (the same as the submitting author's so that the presenting author receives all correspondence in connection with the abstract).
- Author and co-authors' names and affiliation (including country) following the instructions and examples on the online submission form.

sustainability

Download a Word version of the template to prepare your PDF file (maximum length is one page) of the Abstract and please follow the [template](#) as accurately as possible. The PDF file must be named Topic\_Surname (of presenting author).

After completing the Abstract submission form, authors should print it to PDF using the “Print Screen or Print Page” option. This is proof that the abstract was submitted, since **no confirmation email will be sent at this stage.**

## EurASc 2024 Abstract Selection

An Evaluation Committee will review all submitted abstracts.

Abstract Deadline: June 15<sup>th</sup>.

Notification regarding the final evaluation status of your contributions will be sent to the presenting author via email by June 30<sup>th</sup>, 2024.

Please note that although the presenting author can state his/her preferred type of presentation, the Scientific Committee reserves the right to assign it to **oral** or **poster** presentation.

In order for the program to be finalized in time, the presenting authors must pay the registration fee by September 16<sup>th</sup>, 2024 at the latest (early bird rate expires July 31<sup>st</sup>), otherwise the contribution will be removed from the program.

If a problem arises please let us know as soon as possible by e mail: [contact@eurasc.eu](mailto:contact@eurasc.eu)
